

"Romance after 40" pitched to women

That's what got you here
weary of face regardless
of makeup. Succession of

horny louts. Perhaps match-
maker pro'd be best,

who truly sees us,
not the one we see.

At any rate you should seek real
partner. Sex on the dial, yeah!
But hardly pegging out. Called
growing up. And going forth.

So you'll turn towards sleep-
er many years hence and say

"What an asshole!"
with bemused warmth.
